exhibition

September 2

through

October 22,

2024

CELEBRATION: SEPTEMBER 26, 4:30 — 7:30 PM @ UROC CENTER
free & open to the public; refreshments will be provided

Join us! UROC'S **Investing With North Minneapolis** exhibition highlights **community-informed student urban design projects** supporting an equitable and green North Minneapolis. The exhibition is the product of extensive collaboration between North Minneapolis community residents, Northside Safety NET interns, and University of Minnesota architecture students. Showcasing design proposals and research collected over three years (2021-23) through over 50 exhibition boards—including plans, sketches and architectural renderings—the exhibition present the work with the expectation that future city development plans will incorporate the community strategies and perspectives shown in the designs.
